SPRINKLER HEAD PROTECTION KIT

OVERVIEW:

- Our sprinkler head protection kit prevents paint overspray from accumulating on sprinkler heads. Any sprinkler head installed in a paint spray area or mixing room must be protected against overspray according to NFPA 13.

PART NUMBER:

- AC0070

EACH KIT INCLUDES:

- 5 – Cellophane Bags – 5" W X 7" H
- 5 – Rubber Bands

INSTRUCTIONS:

1. Place cellophane bag around your sprinkler head and cut bag if required to fit correctly.
2. Secure the bag around the top of the sprinkler head using the provided rubber band.
