

COOK MFG

PARTS HANGING KIT BROCHURE

OVERVIEW:

- Our Part Hanging Kit includes a set of brackets and mounting hardware.
- Rods are not included but our kit can accept rods up to 1-1/4" diameter.
 - We recommend using IPS rod that is 3/4" diameter and schedule 40 wall thickness.
- Brackets can be mounted horizontally or vertically.
- Do not exceed 100 pounds per rod, or 175 pounds total hanging weight.
- Maximum recommended span of 12 feet.

CONSTRUCTION:

- Constructed from 18-gauge G90 galvanized steel, our brackets are available in standard lengths from 6" to 36". Custom lengths are also available.
- Mounting hardware is 5/16-18 x 3/4" Spin Lock bolts and nuts.
