# GUY WIRE KIT SPEC SHEET

## MODEL:

- GWK

## DESCRIPTION:

- Our Guy Wire Kit are ideal for securing ductwork to the roof. Each kit comes with all the cable, turnbuckles, clamps and hardware needed.

## CONSTRUCTION:

- The guy wire kit's main component is 1/8" diameter aircraft cable, secured to a three-piece sleeve to fit over any size of new or existing ductwork.

## FINISH:

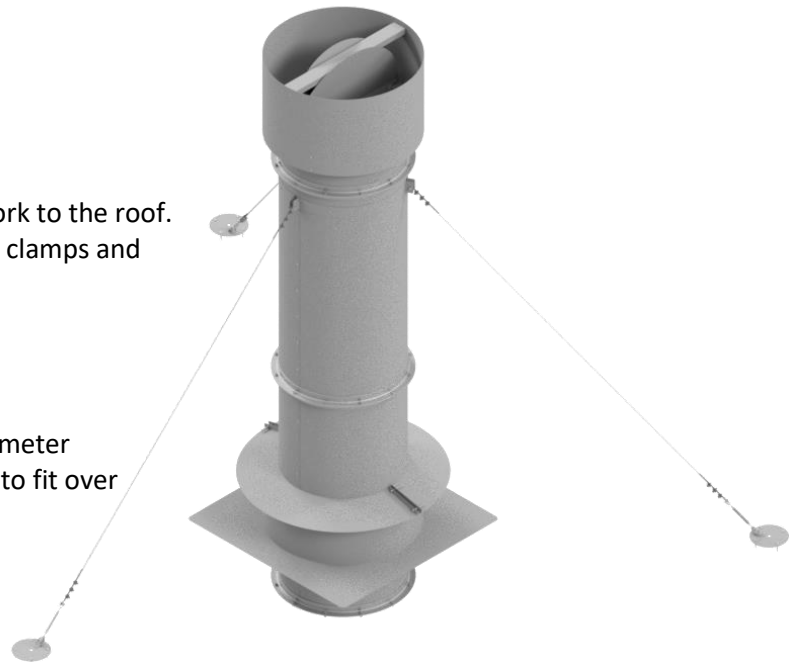

- All of the hardware contained in the guy wire kit is zinc coated, and manufactured parts are galvanized for superior corrosion protection.

## COMPLIANCE:

- Conforms to NFPA and OSHA regulations.

## INCLUDED:

- 12 sealing roofing screws
- 12 self-piercing screws
- 3 duct sleeves, specific to your diameter of ductwork
- 3 guy wire tie down brackets
- 3 clevis to clevis galvanized turnbuckles
- 50' 1/8" diameter galvanized aircraft cable
