WALL MOUNTED ISOLATOR KIT SPEC SHEET

MODEL:

- VWK

DESCRIPTION:

- Elastomeric isolators are compounded from neoprene, durulene, or special oil resistant compounds and are color coded by load range.

CONSTRUCTION:

- The RDC2 Series offer rugged, bonded construction. Structural sections are made of carbon steel and sintered metal. All metal surfaces have a corrosion-resistant coating.

STANDARD SIZES:

Vibration Isolator Kit, Wall Mount (VWK)		
Part No:	Isolator Weight Capacity (lb):	Kit Weight Capacity (lb):
VWK340	85	340
VWK640	160	640
